

FSG 2023 – Deep Dive Topic – Combustion

Dear Formula Student Combustion Competitor,
Thank you for submitting your Pitch Video.

For this year's Deep Dive Topic, we would like you to identify the parts of your business and production that have the largest environmental footprint.

Please provide methods on how you plan to reduce them. For physical products present your plans for managing the lifecycle of these components, including recycling and repurposing.

Please include this topic in your 10-minutes pitch on August, 16th or 17th in Hockenheim.
We are looking forward to your presentation!

FSG 2023 – Deep Dive Topic – Electric

Dear Formula Student Electric Competitor,
Thank you for submitting your Pitch Video.

For this year's Deep Dive Topic, we would like you to identify the parts of your business and production that have the largest environmental footprint.

Please provide methods on how you plan to reduce them. For physical products present your plans for managing the lifecycle of these components, including recycling and repurposing.

Please include this topic in your 10-minutes pitch on August, 16th or 17th in Hockenheim.
We are looking forward to your presentation!
